TO INFINITY & BEYOND

Seven years after Kayleigh first started vending craft shows and selling wares online, there is now a Brick-and-Mortar location for you to visit in Downtown Coral Springs, and this is only the beginning! The curated shop features unique items and fun, hilarious gifts for everyone to appreciate. The small shop features not only some of the products that started it all, but items from other local Florida makers and beyond!

THE HUMAN BEHIND CORELLIA

Kayleigh Carpenter is a wannabe writer, a walking pop culture reference, and your friendly neighborhood mental health advocate. She eats way too much Taco Bell, basically has a Michaels in her office constantly, and enjoys spending time with her husband and dog, but not necessarily in that order all the time. She has always dreamed of being her own boss and creating a corner of the universe for herself. That corner is slowly being carved out in Corellia, where you can shop for unique and eclectic gifts created by Kayleigh and other makers!
