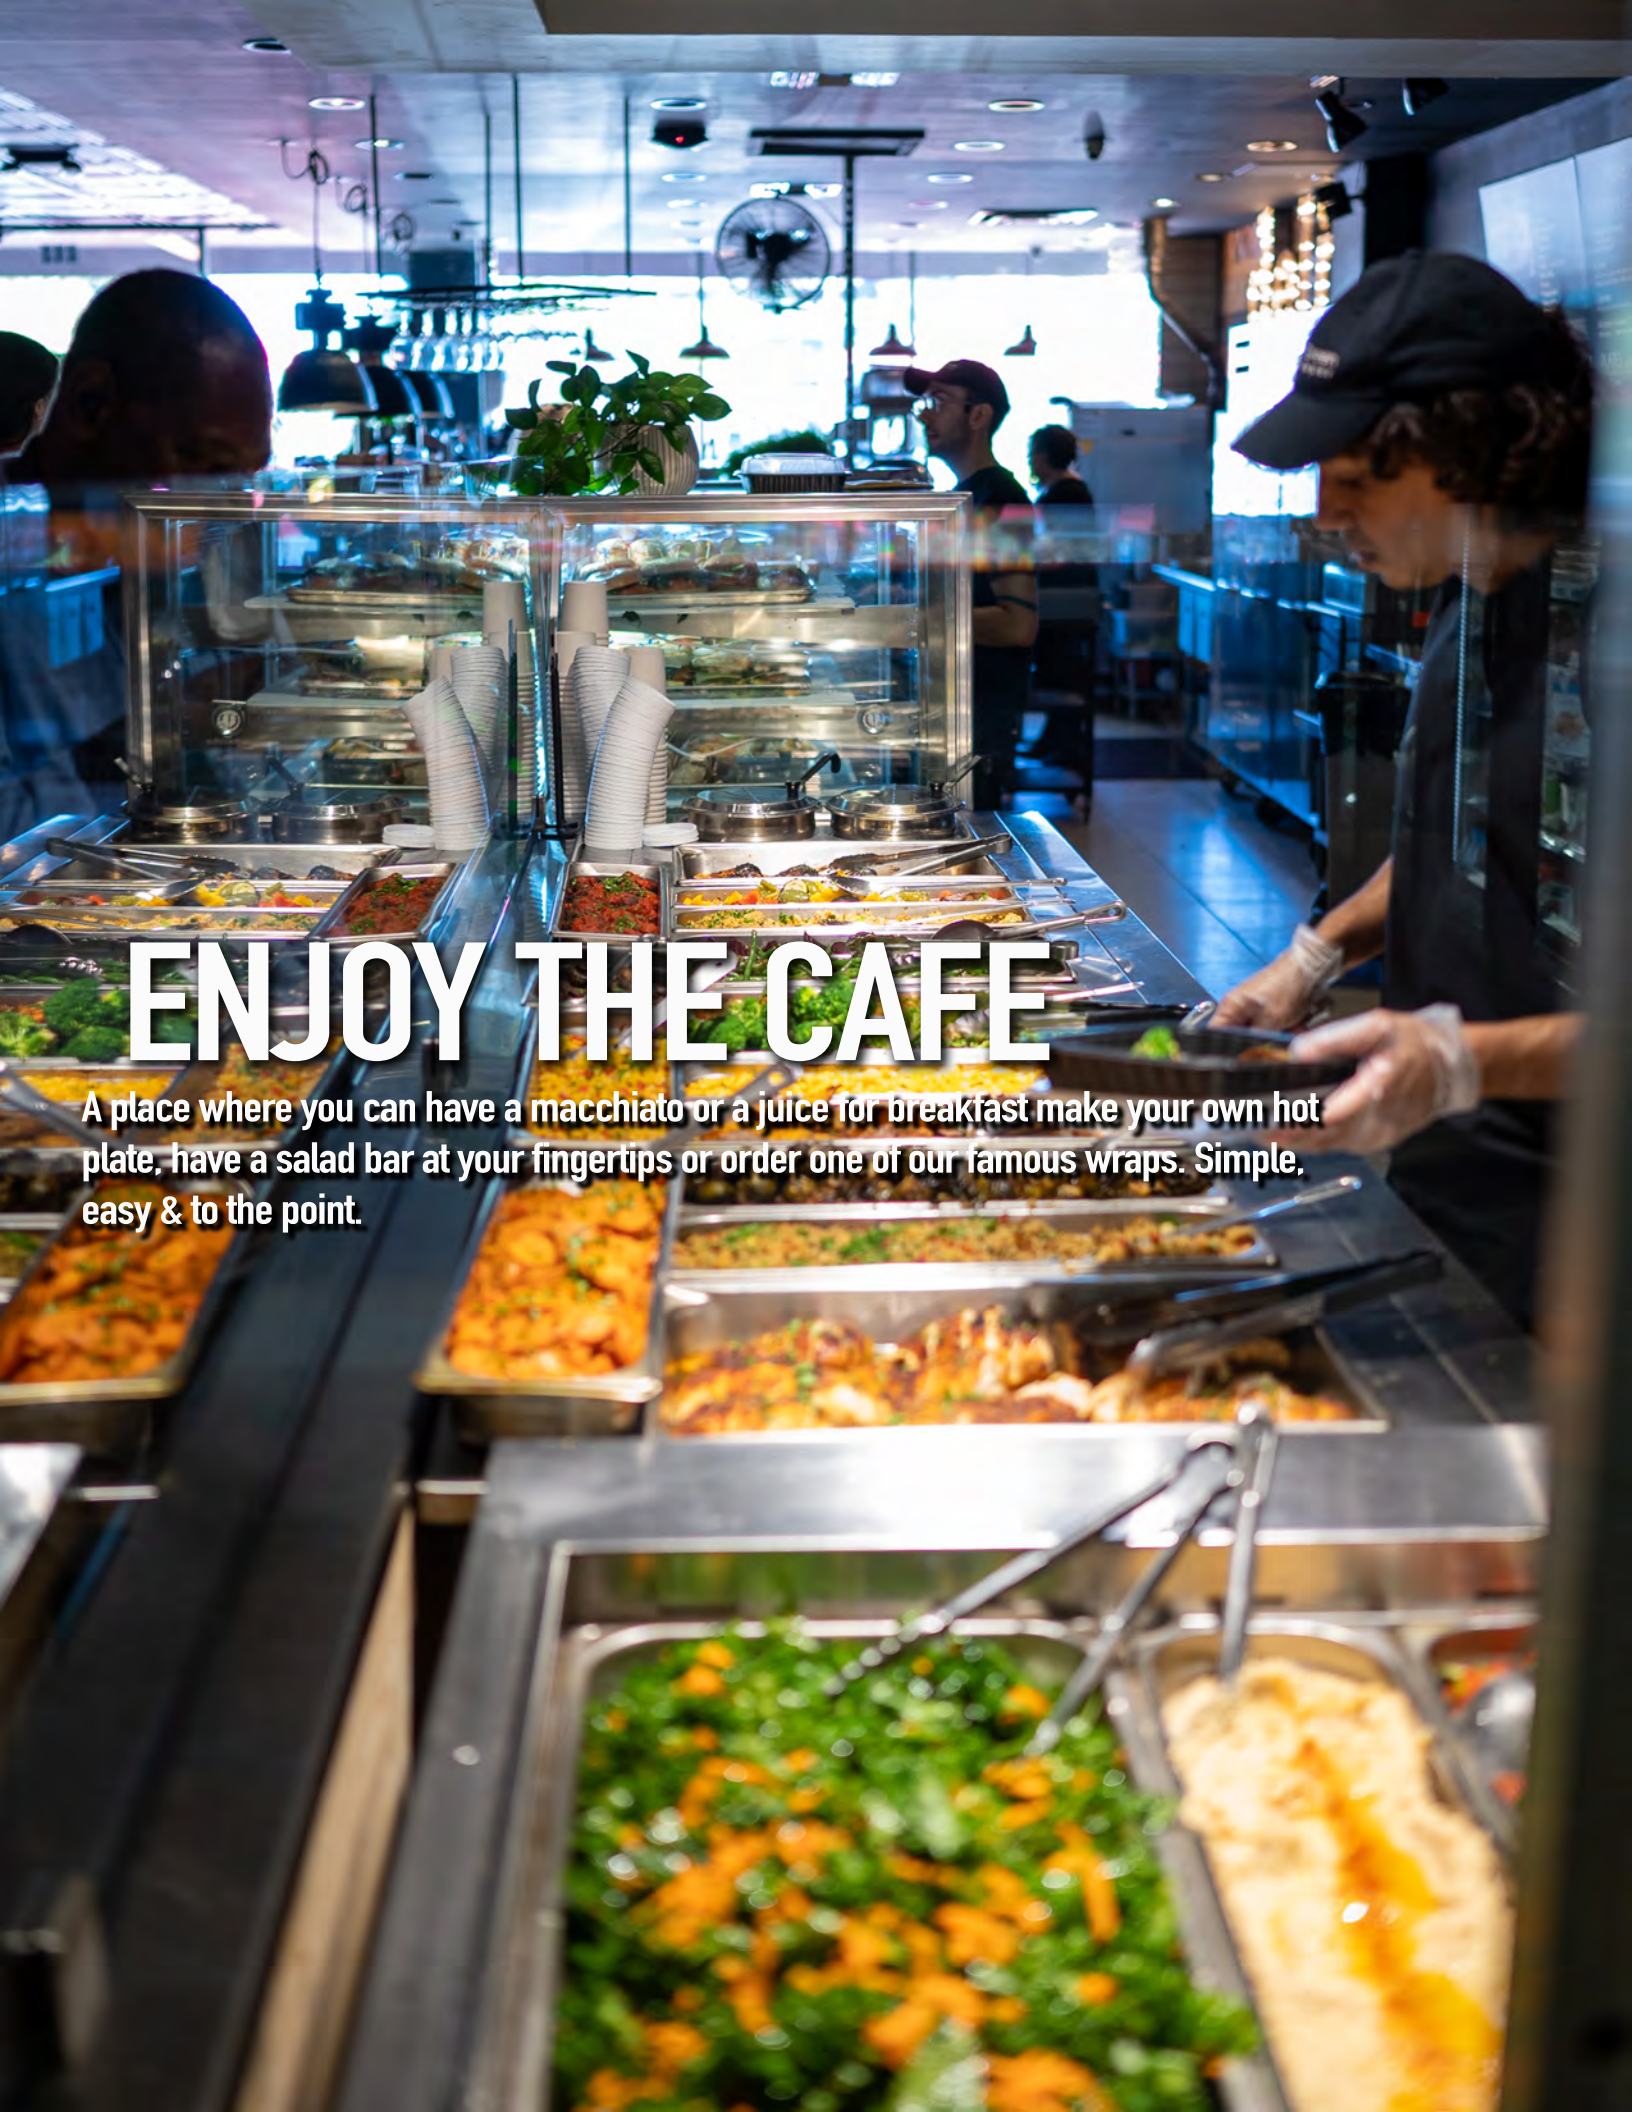
THE LIVING GREEN EDITION



ENJOY THE CAFE

A place where you can have a macchiato or a juice for breakfast make your own hot plate, have a salad bar at your fingertips or order one of our famous wraps. Simple, easy & to the point.

BROWSE THE MARKET

We had a vision for a local market free from the constraints of traditional thinking. We sourced items based on quality, passion, and frankly, what we enjoy. In the process, we got hungry and decided to add prepared foods. We value healthy eating, so with that in mind, we set out to make the best sandwiches and salads we could imagine. Often times while working late, we needed coffee and fresh juices for the morning, so we added them too. Next thing we knew, many of the same familiar faces kept coming back to find unique items, fresh produce, and to eat the same food we do. Many times, they even join us for an espresso and a locally made dessert.
